

DATA PROTECTION

I take the protection of your personal data very seriously and follow all the provisions of the data protection laws. Personal data is only collected on this website for the purposes of establishing contact or registering for a seminar. This data is given voluntarily in the form of an email. Personal data will only be processed and used to process your request. They will, under no circumstances, be passed on or sold to third parties.

Anonymous statistical data and log files

As a rule, an anonymous use of my website is possible without providing personal information. For statistical purposes, your browser automatically transmits the following listed data, which is temporarily stored in a database on a server:

- Browser type and version
- The operating system you are using
- The last page you visited from which you came to my web pages
- Host name of the accessing computer (IP address)
- Time of the call of my pages, depending on the setting also the day.

However, I can not assign this data to individuals, they remain anonymous to me. I also do not merge these data with data from other sources. These data are for statistical purposes only about the frequency of visits and navigation in this website.

Cookies

These websites do not use so-called cookies.

Web analytics and marketing services
